## Route Description

The race starts outside the spectacular twin-towered Beverley Minster, regarded as among one of the finest gothic churches of cathedral size in Europe. It then passes through the medieval North Bar and across the glorious common land on the edge of the town, known as Beverley Westwood, towards the village of Walkington. Runners then return to Beverley's Market Place and the impressive finish through the town's market square and pedestrianised shopping zone.

**Please note:** This course is not suitable for wheelchairs. A time limit of 80 minutes to complete the 10k race will now be in place due to a police requirement to re-open closed roads as soon as possible. You are advised not to train on the full route as the roads between mile 2 (cattle grid) and Walkington traffic lights are particularly dangerous (this section of the route is closed to traffic during the race).
